

Digital features of CVS Caremark[®]

Whether you are most comfortable using your desktop or the mobile app on your smart phone or laptop, CVS Caremark can help you digitally manage your prescription benefits.

Here's just a few of the things you can do with CVS Caremark digital tools:

Check drug cost and coverage

Find out how much your medication will cost under your plan and whether there are opportunities to save money.

Get started with delivery by mail

At Caremark.com, use the *Request a New Prescription* feature to enter the name and strength of your medication and your doctor's name.

Easy refills

Refill your mail order prescription without logging in. Just enter the prescription number from your pill bottle and your date of birth.

Manage your profile

Set or change notifications, change your shipping, billing or contact information, and more.

View ID card

You'll always have your member ID card available, which you can view and/or print from Caremark.com or access direct from your mobile app.

Pharmacy locator

Find network pharmacies near you by entering a city and state or ZIP code at Caremark.com, or by using your current location with the CVS Caremark mobile app.

Register today at [Caremark.com/Start](https://www.caremark.com/start) or download the CVS Caremark mobile app to explore all of the features.

Your privacy is important to us. Our employees are trained regarding the appropriate way to handle your private health information.
