

Critical illness insurance

Get ahead of life's twists and turns

Critical illness insurance provides a cash payment after diagnosis of a covered condition such as a heart attack or cancer.

Why critical illness insurance makes sense

Critical illnesses are expensive. It's easy to understand how unpaid medical bills can threaten a family's financial future. While you can't prevent a diagnosis in your family, you can help protect your finances with additional, cost-effective coverage.

Key benefits

- \$50 health and wellness benefit available to everyone insured for completing an eligible health screening, including an annual exam
- Examples of critical illnesses include heart attack, stroke, cancer and others
- No exclusions for pre-existing health conditions, but covered diagnoses must occur after the coverage effective date
- May be paid again when the same critical illness occurs after a stated separation period
- No health exam or questions required to purchase critical illness insurance
- Cash payments paid directly to you to use for medical and non-medical expenses

Here's an example of how it works*

Jill elects \$15,000 amount of coverage for herself from the plan offered by Modine.

A year later she suffers a heart attack (as defined in the policy). She recovers fully.

Jill submits a claim and gets a \$15,000 payment from Securian.

Jill uses the money to pay for child care while she recovers.

*Actual experience and benefit payouts may vary from this example.

What does your critical illness plan cover and how much will you receive?

It provides a cash payment directly to you to help manage expenses associated with a covered critical illness.

Can I take my coverage with me if I leave Modine?

If you leave Modine for any reason, including retirement, you can elect to port your coverage and pay premiums directly to Securian Financial. Initially, rates are the same as what you pay as an active employee, but rates are subject to change.

Who is eligible for coverage?

- You – all active employees working 30 or more hours per week
- Spouse if employee coverage is elected
- Your child(ren) from live birth to age 26 if employee coverage is elected

Please note that your spouse cannot receive coverage as both an employee and dependent, and a child cannot be covered by more than one parent, if you are both employees of Modine.

Residents of some states may be required to have medical insurance in order to be eligible for coverage.

What is the recurrence benefit?

It provides an additional benefit payment after a benefit separation period of 6 months, if an insured is once again diagnosed with a condition that was previously approved. Eligible conditions pay a recurrence benefit percentage based on the condition. Not all conditions have a recurrence benefit. See covered conditions list for eligible conditions. Initial and subsequent diagnosis must happen while covered under the plan.
